## Personal Profile

---

In the last couple of years, I picked up coding as a hobby and it was something I taught myself mostly through YouTube videos. Now I'm currently enrolled in a Software Development Bootcamp at JustIT training. My goal is to take what I'm learning to improve my skills and have a better understanding of software languages like HTML, Javascript and Python.

I would like to work as a Junior Developer. I am a fast learner and detail-oriented person, who's eager to gain further experience in the field of software development.

## Education and IT Training

---

**10-2022 - 01-2023**

**Just IT Training Ltd, London**

**Digital Skills Bootcamp: Software Development**

A twelve week intensive bootcamp covering the fundamentals of Web and Software development.

**09-2016 - 06-2018**

**Barnfield College, Luton**

**BTEC Diploma:**

Music Production Level 3: Pass

GCSE English: 3

**09-2011 - 06-2016**

**Chalk Hill Academy, Luton**

**GCSE:**

All grade C and above in: Maths, Science, Additional Science, Music

BTEC: Business, Sports, ICT

## IT Skills

---

**Software Development Skills:** Python, MySQL and a little C#

**Web Technology:** HTML5, CSS3 & JavaScript

**Core Programming Languages:** JavaScript and MySQL

**Projects:**

- Created a working Stopwatch, timer and countdown clock with HTML, CSS & JavaScript

## Employment History

---

**01-2022 - 05-2022**

**University Of Bedfordshire, Luton**

**Service Desk Operator**

As a service desk operator, it's my responsibility to answer calls from staff within the university, and help them with any IT queries they may have. I have to work with my team, as well as the rest of the IT department to solve issues, implement changes and uphold a high standard of service for the university. The service desk is first line support, so I have to make sure I am knowledgeable on the majority of issues so I can provide the best customer support.

**09-2020 - 01-2021**

**Amazon, Dunstable  
Warehouse Operative**

This time my role as a warehouse operative at amazon was picking, stowing, shipping and ICQA (inventory control/quality analysis). I'm flexible and a quick learner, so I was able to be trained in different roles around the warehouse. I had to work as a team with my colleagues to complete our work quickly, but also in a safe and efficient way.

**10-2019 - 02-2020**

**Amazon, Dunstable  
Warehouse Operative**

My role as a warehouse operative at amazon was picking. It was my job to pick select items from storage and ready them for shipment. My job included reading the digital request, picking the items, performing a six sided check (Checking for damage) and placing them in the correct box for the order packers. Amazon was a fast-paced environment where I was on my feet for long periods at a time.

**02-2019 - 07-2019**

**Superdrug, Dunstable  
Drivers Mate**

My role was to assist with Loading and unloading the delivery vehicle. Helping the driver to deliver products to shops. Ensuring all products are handled correctly with care. Complying at all times with Health and Safety policies. Reading and acting on written instructions. Providing a high standard of customer service and to complete end of trip paperwork.

**08-2017 - 09-2018**

**McDonalds, Dunstable  
McDonalds Crew Member**

My role is very customer focused and I ensure that customers have a brilliant experience every time they visit. I can work under pressure and during busy periods I am often chosen to be stationed on beverages where speed is crucial, but I also have been stationed all over the McDonalds workplace. I deal with different types of people and I am a good team player. I have built good relationships with both management and staff.

## **Interests and Achievements**

---

**Computing:** I enjoy building computers and keyboards, and doing the research in order to put these devices together in working order. I have also set up fresh computers for family members in the past.

**Hobbies:**

- Making music on FL Studio for global use.
- Graphic design. I like to make designs and animations for my online profiles and websites.
- Playing games.
- Learning different languages. Currently learning Japanese which is a fun challenge.
